Northern Nuggets

On Monday afternoon, Mrs. D. Veitch left for her home at Courtenay, B.C., after spending the summer with her parents, Mr. and Mrs. W. Prior.

Last Sunday a number of Albert ladies attended a shower at the home of Mrs. D. Faulkner of the Willowville district, in honor of Mrs. Sidney Cooper, the former Miss Beth Elwood.

Mr. Stanton Coulman spent a few days last week in the Mannville hospital, while receiving treatment for an infected hand. We are glad to report that both Mrs. Ivan Currie and Mr. Chester Brown have returned home and are feeling much better.

Mrs. Lordes of Kinross enjoyed a week-end visit with her cousin, Mrs. Robin Johnson and family.

Mrs. Ann Ramsay with Marlene and Terry, left for Calgary on Tuesday. Willie and Lorne hope to join them there as soon as the harvest is finished.

Definition of a farmer—a man outstanding in his field.

The many friends of Miss Frances Barss and Mrs. Edna Smith will be interested to know they have arrived safely in Norway after travelling through England, Wales and Scotland and are having a wonderful time.

OPTOMETRIST

The Irma W.I. will be holding a sale of home cooking in Lady's Food Mart on Sept. 22 at 3 p.m. Proceeds of this sale will go to the Mental Health Association.

Wedding Bells

PREUSS — DALLOW

The chapel of Central United Church was the scene of a recent double-ring ceremony when Miss Edna Dallow, daughter of Mr. and Mrs. E. T. Dallow of Irma, Alberta, became the bride of Mr. Hans G. Preuss, son of Mr. and Mrs. E. T. Dallow of Irma, Alberta, and the late Mr. Preuss of Berlin, Germany. Rev. C. T. Wilkinson officiated at the ceremony.

The bride, given in marriage by her brother, Mr. Eric Dallow, wore a ballerina-length gown of crystalline nylon. Her fingertip veil was of illusion net and she carried a bouquet of red roses.

The bridesmaid, Miss Margaret Steeves, was attired in a gown of pink nylon. Her tiara and bouquet were of white carnations.

The best man was Mr. Carl Kloepper.

A reception was held in the dining room of the Empress Hotel where Mr. Eric Dallow proposed the bridal toast.

Mr. and Mrs. Preuss will reside at 509 57 Ave. S.W., Calgary following their wedding trip to the West Coast.

LUNDBERG — BEER

The Jarow United Church was the scene of a lovely wedding on September 8 at 4 p.m. when Betty Lou Beer, only daughter of Mr. and Mrs. H. Beer of Jarow, became the bride of Paul Lundberg, son of Mrs. Lundberg of Wainwright. The Rev. H. W. Inglis of Irma officiated.

The bride given in marriage by her father was charming in a floor length gown of white satin in princess lines. The bridesmaid, Jane Trimmed, extended down the front panel to hem with fingertip sleeves and sweetheart neckline. Her veil of embroidered nylon was held in place by a sequin and pearl trimmed coronet. She wore a double strand pearl necklace with matching earrings, gift of the groom. The bride's bouquet was of pink and white roses with lily of the valley.

The bridesmaids were Opal Lundberg, sister of the groom, and Iris Gustafson, niece of the groom. The former chose a floor length gown of pastel pink tulle over taffeta with long sleeves. The latter had chosen a floor length gown of deep rose nylon net over brocade taffeta. Both wore matching shoulder length nylon veils and carried bouquets of white and yellow daisies and daffodils with satin streamers.

The groom's attendants were Mr. Bud Beer and Mrs. Gilbert Lovig and Mrs. H. Beer sang "O Perfect Love."

For her daughter's wedding the mother of the bride had chosen a dark grey tulle suit with pink and navy accessories. The mother of the groom wore a medium brown summer suit with matching accessories. Both wore a large white rose corsage.

A private reception was held at the bride's home with 24 guests including the student minister Mr. R. Gay, who asked a gracious blessing upon the young people before partaking of a sumptuous lunch. A toast to the bride was proposed by Mr. Gay, to which the groom ably responded.

Out of town wedding guests included Mr. and Mrs. E. Beer and family of Edmonton, Mr. and Mrs. Arvid Gustafson and family of Lindberg and Mr. Ed Simmerson and Mr. John Ebbner of Wainwright.

The happy couple will reside in Wainwright.

WITH THE District Agriculturist

By J. S. Duncan

Trees For 1957

Trees are in fairly short supply this year so anyone wishing to get trees to plant next spring should order now. Don't forget that the land to plant the trees on had to be in summerfall this year.

Vegetable Storage

Vegetables will soon be going into storage and as usual a lot of them will not keep over winter. Most basements are too dry and warm for good vegetable storage. Temperature of 34 degrees F to 40 degrees F, together with high humidity will keep most vegetables perfectly. Proper ventilation is important and so the cold air inlet should be controllable. Moist sand or sawdust on the floor will help in keeping the air moist.

Schools of Agriculture

This year the school term starts on October 30 in order to let the harvest be completed before the young people leave. The girls course has been changed quite a bit so write to the principal of the nearest school for full information.

Fall Seeding of Forage Crops

Fall seeding is best done into clean stubble, late enough that there will be no germination this fall. This practice is giving very good results and allows the seeding to be done when there is more time. The seed does not need to be put into the ground as snow and water will cover it enough by spring.

Jarrow News

Mr. Roland Bick of Cobalt, Idaho, was in town last Thursday renewing acquaintances. He was born and raised in the Jarow district and hadn't been back for eleven years.

Mr. and Mrs. Ray Hodges and Mrs. Elmer Bjerk received the sad news on Wednesday that their brother John Knudson had passed away suddenly. They left immediately for their home at DeSmet, S.D.

Miss Wilma Bovenkamp who is with the RCAF, is holidaying at the home of her parents, Mr. and Mrs. J. Bovenkamp.

Mr. R. Gay preached his farewell sermon to an appreciative congregation on Sunday, Sept. 16. At the close of the service, Mr. H. G. Smith presented him with a gift and the best wishes of the whole district as he goes back to College in Toronto to carry on with his chosen work. During his two summers here, he has made a host of friends who are sorry to see him leave. A delicious lunch served at the manse was a fitting close to a lovely Sunday afternoon.

Mrs. Wm. Belton is a patient at the Viking hospital. We wish for her a speedy recovery.

HOME AND SCHOOL ASSOCIATION

The Irma Home and School Association held their first meeting of the new term on Monday evening at 8:15 p.m. Mrs. Kirkman, the president, was in the chair and conducted a lengthy business meeting.

The HSA are handling the distribution of Vitamin pills and all orders must be in the hands of Mrs. Larry Meier by the end of this week so that the pills can be distributed at the next meeting. Members are asked to bring a tea towel to the next meeting.

Mrs. K. Coffin was appointed delegate to the Banff Workshop October 15 to 18th.

Mrs. Kirkman resigned from the Presidency and her resignation was accepted with regret. The HSA has prospered under her leadership.

The next meeting will be held October 15.

Glen-Coa Cleanings

Mr. S. Nilson is at present a patient at the University hospital. Mrs. Nilson remained in the city to be near her husband.

On Sunday last Mr. S. Nilson had as visitors, his son Erling, his daughter Mrs. R. Erickson and Mr. and Mrs. P. Nilson and Miss Bernita Fluevog.

Mr. and Mrs. Geo. Pedel were also city visitors last week-end. Misses Norma Likness and Avis Satre are now nursing at the Wainwright hospital.

Mr. Oren Spring had a short visit at his home last week-end. At the time of writing we are rejoicing in wonderful harvest weather.

Holden \$2000 Cash Newspaper Bingo

The Grand Prize for the Holden Newspaper Bingo is \$2000 cash. There are seven other intermediate cash prizes. Three intermediate prizes are now gone, namely no numbers after the first ten drawn, no numbers after the first twenty numbers drawn, and the four corners.

There are only 3000 tickets available and there are no two cards alike. A list of instructions and prizes is included with each card. The price per card is \$2.00.

From past experience with newspaper bingos, the winning cards have been sold near the end and this means that the card must have been up for sale in various centres before being sold, so cards bought at any place where they are sold have a good chance of being the winning card. Buy several then you have a better chance of holding a winning card, and at the same time assist in a worthy cause.

See list of numbers already drawn, published in this paper.

Weekly Inspirational Corner

(Sponsored by an Irma Times reader)

For when we were yet without strength, in due time Christ died for the ungodly.

For scarcely for a righteous man will one die; yet peradventure for a good man some would even dare to die.

But God commendeth His love toward us, in that while we were yet sinners, Christ died for us. Much more then, being now justified by His blood, we shall be saved from wrath through Him.

For if, when we were enemies, we were reconciled to God by the death of His Son, much more, being reconciled, we shall be saved by His life.

And not only so, but we also joy in God through our Lord Jesus Christ, by whom we have now received the atonement.

Increased farm help expected

An increased flow of eastern harvest help to the west is expected as a result of Ontario's move to ease restrictions on movement of farm workers. At the same time, Manitoba authorities were awaiting reply from Ottawa for a request for "any available" servicemen to help relieve the shortage of harvesters.

These were the latest developments in the farm help picture, outlined by H. R. Richardson, director of the province's farm labor service.

He reported that during the past week there had been no westward movement of harvest excursionists from the east: Manitoba's figure of eastern harvest help still stood at 35 out of a requested 90. However, Ontario which had clamped down on recruitment of her farm help for the west until her own harvesting was nearing completion, now was beginning to ease these restrictions, explained Mr. Richardson.

In any case, rains throughout Manitoba's agricultural belt had reduced temporarily the farm help demand, he said. Mr. Richardson reported a few soldiers during the week had responded to printed notices at military camps telling servicemen going on annual leave that farm help vacancies existed.

Caution urged in handling firearms

E. L. Paynter, Saskatchewan Game Commissioner, issued a plea to hunters to handle firearms cautiously during the 1956 hunting season. Many of the new seasons will open early in September.

"We have already had nine gun accidents in Saskatchewan this year," said Mr. Paynter, "and one of these was fatal. We would like to impress upon everyone that a firearm is not a toy and each one must be treated with the greatest respect."

During 1954 Saskatchewan recorded 38 gun accidents, 14 of them fatal and during 1955 there were 37, of which nine were fatal. "Young people as a group are the worst offenders," said the Commissioner. "During 1955, 16 of the accidents were caused by youths 17 years old or younger. The only fatality recorded so far this year involved a youngster of nine years."

Saskatchewan annually licenses approximately 65,000 hunters and although hunting is done in the fall and winter seasons, gun accidents are a year round occurrence.

During 1955, accidents with firearms were caused by a number of violations of safety rules circulated by the department. Six were caused by accidental discharge; two while crossing a fence; four were shot in mistake for game; seven were shot while in the line of fire; six were caused by having a loaded gun in a vehicle; four happened when the operator stumbled with a gun; three were caused while cleaning a gun; three were caused by children playing with a gun; and one was caused by an insecure rest and by an unsafe gun.

"A pamphlet entitled, 'Saskatchewan Game Bird Synopsis' is being given each hunter with his license," said Mr. Paynter, "and we would certainly appreciate it if each hunter studied the hints for safe hunting we have included in this bulletin. People must be cautious during this portion of their recreation."

Funny and Otherwise

Doctor: "Your husband has to have absolute quiet. Here is some sleeping powder."

Wife: "How much do I give him, and when?"

Doctor: "You don't give it to him; you take it yourself."

She was wearing the latest thing in a strapless gown, and the good-looking fellow across the dance floor approached her. "May I join you?" he asked.

"Good Heavens," she cried, "am I coming again?"

The traveller rushed up to the station window and gasped, "Give me a round-trip ticket, quick."

"Where to?" asked the agent.

"Back here, you dope."

A bicycle salesman was expecting a happy event in his family, so before leaving he instructed the nurse in charge to send a wire: "Girlie, when arrived," if a boy; and "Lady's model," if a girl.

He got the wire: "Tandem".

Joe: "There's two things we're sure of: Death and Taxes."

Moe: "Yeah, but one thing about death, it doesn't get worse every time the council meets."

"The patient in 43 keeps asking for his wife, doctor?"

"Still delirious, eh?"

POPULATION

First release of preliminary population figures of the 1956 Census, covering 492 smaller cities, towns and villages, indicate a marked rise since 1951 in urban population. Out of 31 cities and towns listed with population of 5,000 and over, all but three had gains, most of them substantial, while of the others all but 87 (mainly small villages) also had population gains.

New school film manual issued

A new manual, listing and describing films for school use, has recently been mailed out to some 3,500 classrooms throughout the province.

E. F. Holliday, supervisor of visual education for Saskatchewan, said that the manual is designed to assist teachers in making the most effective use of the facilities of the visual education branch. The aim is to provide one manual for each classroom of the 616 schools which are equipped to use visual

aids.

The current "Manual of Audio-Visual Aids for Saskatchewan Schools" will be used for the next five years. It can be kept up to date by the teachers themselves by simply attaching listings of new films to the binder-type manual as supplied by the branch.

Titles of 1,686 films are already listed in the manual, Mr. Holliday said. The last manual was issued in 1953.

All films listed and described in the manual are the 16 mm. sound variety, some colored, others black and white.

Mother and child

In Canada, so far advanced in medical science, there are far too many infant deaths. Better care and regular attention for the expectant mother would help to lower the infant mortality rate that is so high in many countries, including our own. Most towns and cities in Canada have prenatal clinics where the expectant mother may have medical check-ups, and receive advice in keeping healthy, both for her own sake and that of her child.

EDUCATION

from other weekly papers

(These are not necessarily the views of the editor of this paper.)

Industry and education

(From The Virden Empire, Virden, Manitoba—July 11, 1956)

Something is going to be done about education, apparently.

Education, in this instance, means particularly the training of engineers and technical personnel to help man the vast developments taking place in Canada and the growth expected in the coming years.

At present there is a definite shortage of such personnel—to the extent that it is threatening the well-being of the economy—and the situation threatens to become worse.

Apparently the something to be done won't be left entirely to traditional avenues.

At virtually every industrial gathering these days—and particularly at the recent conventions of the Engineers' Association of Canada and the Canadian Manufacturers' Association—the topic has overshadowed all other themes.

It what is being said means anything, then business and industry may be expected to take a greater responsibility in the educational field than ever before.

Many businesses have made contributions over the years in various ways, especially through scholarships. What they have been doing, however, has been far short of what is needed to meet today's situation.

Crawford Gordon Jr., president of A. V. Roe Canada Ltd., said at the CMA meeting:

"The income tax act provides that corporations may deduct up to five percent for gifts to charitable and educational institutions. In recent years the average has been less than one percent. In 1952 this amounted to about \$26,000,000. Of this, less than 11 percent—or just \$2,800,000—went for education.

"This is just a drop in the bucket when you consider that Canadian universities are talking about expansion of between \$250,000,000 and \$300,000,000 in the next ten years."

Mr. Gordon announced that a national conference on scientific and engineering manpower will be held September 10-11, with the blessing of the Dominion Council of the Associations of Professional Engineers and the support of business and industry.

Sheep raising not popular

(From The Lacombe Globe, Lacombe, Alberta—July 19, 1956)

Sheep raisers in central Alberta were some \$8,250 richer, following the 1956 collection of wool made by their organization. The sheep are always sheared before the hot summer weather, and the annual deliveries are made early in July.

This year, the advance payment was 15 cents on each pound of wool. Total amount of wool from all central Alberta was 55,000 pounds, Lacombe heading the list with 21,000 pounds, followed in order by Red Deer, Waskia and Ponoka. Since these centres also act as divisional points for their respective farming areas, it is evident that sheep raising is not too popular in this part of the country.

There are probably several reasons for this trend. Sheep are difficult to manage, compared with other livestock. Losses in the grazing fields are high, particularly with the heavy coyote population which exacts its toll. Returns are not commensurately great, evidenced by the above figures for a whole season's wool "harvest". The final price in full settlement, determined later on the actual market value, means only a few extra dollars. Sheep can always be used for meat, of course, and lamb is the favorite course in many a household, but most farmers hereabouts seem to prefer to supply the dinner table with choice beef or pork.

While the number of sheep raisers within the central Alberta wool growers' association remains about the same, it is significant that only 24 were classified this year in the "large shippers" category, with over 500 pounds of wool each.

Christie leaves forestry service

Charles Roy Christie, 59, who had become known as the "Grand Old Man of Forestry" in Saskatchewan, retired as senior forester of the provincial natural resources department's forestry branch on August 31.

His retirement, due to ill-health, brought to an end a career as a Saskatchewan forester, which lasted 37 years and three months—the longest, in point of service, of any retired one department employee.

He was regarded by fellow department workers as a good administrator and admired for his forthrightness and ability to make decisions quickly.

His guiding hand was felt in many of the policies and programs inaugurated over the years, which led to much wider utilization of forest materials in Saskatchewan.

He was instrumental in setting up the technical services divisions of the forestry branch, a task begun early in 1947, and for working out a white spruce cutting quota enabling the forestry branch to maintain a sustained yield policy for Saskatchewan's saw timber industry.

SYNTHETIC COFFEE
A Netherlands industrialist, A. Van Driel, has perfected a synthetic coffee which is said to duplicate perfectly the flavor and aroma of brew made from the coffee bean.

THE LONG, LONELY WAIT—A Chinese Nationalist soldier mans his lookout post on the strategic island of Quemoy. Tens of thousands of Nationalist troops in nearby many trenches, bunkers, pillboxes and lookout posts are dug in on Quemoy—ready and waiting for any attack that might be launched from Communist China across the way. The island in the distance is Communist-controlled Taitung, where 10 batteries of artillery sporadically fire against the Nationalist outpost.

Big game seasons and bag limits for Saskatchewan

Saskatchewan's Big Game Hunting season dates and bag limits were announced by Game Commissioner E. L. Paynter. They apply to all big game of either sex, and all dates and zones are inclusive.

Antelope may be hunted from Nov. 5 to Nov. 10 in zone 6 and zones 8 to 14 and in the Ariva, Battle Creek, Beechy, Big Stick Lake, Bitter Lake No. 1, Lone Tree, Masfield, Mankota, Middle Creek, Monet No. 1, Nashlyn, Reno No. 1, Reno No. 2, Val Marie and Wise Creek Game Preserves. Bag limit for these areas is one antelope of either sex.

Barren Ground Caribou hunting will be open to residents of wilderness areas only from Sept. 1 to Jan. 31. Bag limit is two caribou of either sex.

There is an open season on bear for non-residents in zones 33 to 52 with a bag limit of two bears of either sex, Mr. Paynter said. Residents may take bear at any time in all zones.

Season for deer (archery only) will run from Oct. 8 to Nov. 3, in zones 1 to 52 and in the Crystal Beach Game Preserve. Bag limit is one deer of either sex.

In zones 1, 2, 22, 36, 37, 38, and 48, deer may be hunted from Nov. 19 to Dec. 8 with a bag limit of two deer of either sex. The deer season in zones 10 and 11 will open a week earlier—Nov. 12—and will run through Dec. 8. These are also two deer zones.

Fort a la Corne, Lizard Lake, Park, Pasqua, Porcupine, Spy Hill and Swift Current No. 1 Game Preserves will be open for the hunting of deer from Nov. 19 to Dec. 8 while in the Cypress Hills No. 1, Cypress Hills No. 2 and Cypress Hills No. 3 Game Preserves deer may be shot for one week only—Nov. 12 to Nov. 17. A portion of Moose Mountain Game Preserve, west of Highway No. 9 will also be open one week for deer—Nov. 19 to Nov. 24. Bag limit in each case is the same as that for zones in which they are situated.

Non-resident aliens may hunt deer in zones 33 to 52 from Nov. 19 to Dec. 8. Bag limit is one deer of either sex.

One-deer licenses are valid in zones 1 to 52, Mr. Paynter said. Zones 10 and 11 will be open one week—Nov. 12 to Nov. 17 for the hunting of elk with a bag limit of one elk of either sex. The Cypress Hills No. 1 and Cypress Hills No. 2 Game Preserves will be open for elk the same week with a bag limit of one elk of either sex.

The elk season in zones 35 to 46 and 49 and in the Divide, Fort a la Corne, Greenwater Lake, The Pines and Torch River Game Preserves will open Nov. 19 and close Dec. 8. Bag limit is one elk of either sex.

In zone 2 and a portion of Moose Mountain Game Preserve west of Highway No. 9, hunters will be allowed one week—Nov. 19 to Nov. 24 for the hunting of elk. Bag limit is one elk of either sex.

The season for moose in zones 38, 41, and 47 to 51 will run from

ences if they wish. These licenses are valid only in Zones 35 to 5, and a separate license is required for each season.

Residents wishing to hunt moose or elk may purchase a Moose-Elk license which is good for taking a moose in the first season or a moose or elk in the second season. If the hunter is not successful during the first season, Mr. Paynter said.

Residents may obtain party li-

Increase noted in traffic accidents

To the end of July, a total of 4,783 motor vehicle accidents were reported in Saskatchewan, an increase of 520 over the same period in 1955.

A report issued by the provincial highway traffic board showed that during the first seven months of 1956, 51 persons met death on the highway, 1,022 were injured and property damage amounted to \$1,675,082.

This was an increase in all categories over last year, when 48 persons were killed, 1,082 were injured and property damage amounted to \$1,365,338.

The report also listed statistics for the month of July. They are as follows, with 1955 figures in brackets:

Number of accidents 895 (668); fatalities 13 (12); injured 425 (389); property damage \$369,335 (\$264,831).

During July, the most dangerous hours of the week for motor vehicle accidents were between 5:00 p.m. and 8:00 p.m., when 22 percent of the month's accidents took place. Almost 13 percent occurred between the hours of midnight and 4:00 a.m.

Sunday was the worst day of the week for accidents during July, followed by Saturday, Friday, Tuesday, Monday, Thursday and Wednesday.

Unwanted guests

As the weather grows cooler, houseflies make more efforts to get into the house, where they may hibernate and, next spring, breed in their thousands. These insects are dangerous since they transmit diseases through germs collected during their travels. They may fly from garbage heaps and other filth straight to kitchen and dining room, unless prevented. Well screened windows and doors and generous use of insecticides will help to keep the house free of these pests.

It is believed that the art of knitting originated in Scotland about the beginning of the 16th century.

MY FAMILY LOVES THIS RASPBERRY Double-boiler Pudding!

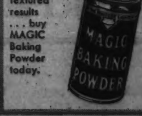

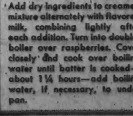

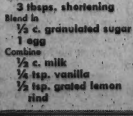

Grease upper pan of double boiler generously. Measure into pan:
1 1/4 c. (10 oz. can) canned raspberries and syrup
1/2 c. granulated sugar
2 tps. corn starch
Mix well and set aside.

Sift together:
1 1/2 c. once-sifted pastry flour
or 1 1/2 c. once-sifted all-purpose flour
1 1/2 tps. Magic Baking Powder
1/4 tsp. salt
Cream
3 tps. shortening
1/2 c. granulated sugar
1 egg
Combine
1/2 c. milk
1/2 tsp. vanilla
1/2 tsp. grated lemon rind

Add dry ingredients to creamed mixture alternately with flavored milk, combining lightly after each addition. Turn into double boiler over raspberries. Cover closely and cook over boiling water until batter is cooked—about 1 1/2 hours—add boiling water, if necessary, to under pan.

Turn hot pudding out onto a deep serving dish. Pass chilled custard sauce or piping cream. Yield: 4 or 5 servings.

MAGIC protects all your ingredients. Get lighter, fluffier results... buy MAGIC Baking Powder today.
